Subject: Pls review: Des Use revisions
Attachments: Assigning Uses Flowchart DRAFT 4-12-2018.pdf; Designated use revisions DRAFT 4-12-2018.docx

Folks, based on a couple different mtgs we had this week with various ones of you on this list, please check out this revised rule language that I worked up for the Des Uses schema. I'm also attaching a flow chart that is based on the one Jason drew on the board for how field data & modeled data come into play for designating a use. Pls let me know if you have comments or suggested edits!
